Nouvelles Couleurs

Les nouvelles couleurs Silestone de la Collection Eternal intègrent la technologie révolutionnaire N-Boost, qui améliore l'ADN des surfaces : empêche l'adhérence des liquides, augmente la brillance et l'intensité de la couleur.

New Colours

The new Silestone colours from the Eternal Collection incorporate the revolutionary N-Boost technology, which improves the surface's DNA: prevents liquid adhesion, increases lustre and colour intensity.

Nouvelles Couleurs

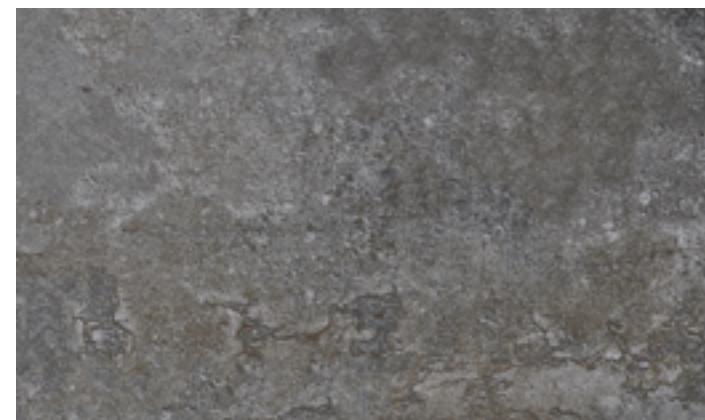

La série Industrial de Dekton a été créée pour rendre hommage aux belles imperfections des métaux et de la pierre dans toutes leurs différentes étapes de vieillissement. Les processus organiques se reflètent dans la richesse et la complexité de l'oxydation et la beauté authentique de la pierre qui s'oxyde.
